2 (a) IN GENERAL.—Subchapter I of chapter 13 of title  
3 31, United States Code, is amended by adding at the end  
4 the following:

5 **“§ 1311. Automatic continuing appropriations**

6 “(a) For purposes of this section—

7 “(1) the term ‘lapse in appropriations’ means a  
8 time period during which—

9 “(A) the applicable full-year appropriation  
10 Act for a program, project, or activity has not  
11 been enacted for the current fiscal year;

12 “(B) the program, project, or activity was  
13 provided funding in the preceding applicable ap-  
14 propriation Act; and

15 “(C) no continuing appropriation Act is in  
16 effect for such program, project, or activity;  
17 and

18 “(2) the term ‘preceding applicable appropria-  
19 tion Act’ means—

20 “(A) the most recent continuing appropria-  
21 tion Act enacted; or

22 “(B) if no continuing appropriation Act  
23 has been enacted for the current fiscal year, the  
24 most recent applicable full-year appropriation  
25 Act (including a full-year continuing appropria-  
26 tion Act) enacted for the immediately preceding

1           fiscal year (excluding any supplemental appro-  
2           piation Act).

3           “(b)(1) On and after the first day of each fiscal year,  
4 if a lapse in appropriations occurs with respect to a pro-  
5 gram, project, or activity, there are appropriated such  
6 sums as may be necessary, at the rate for operations as  
7 provided in the preceding applicable appropriation Acts,  
8 under the authorities and conditions provided in such  
9 Acts, for continuing programs, projects, or activities (in-  
10 cluding the costs of direct loans and loan guarantees) that  
11 were conducted under such Acts and for which appropria-  
12 tions, funds, or other authorities were made available in  
13 such Acts.

14           “(2)(A) Appropriations and funds made available and  
15 authority granted under paragraph (1) shall be available  
16 for a period of 14 calendar days.

17           “(B) If, at the end of the first 14 calendar-day period  
18 during which appropriations and funds are made available  
19 and authority is granted under paragraph (1), and the end  
20 of every 14 calendar-day period thereafter, a lapse in ap-  
21 propriations with respect to a program, project, or activity  
22 continues, the appropriations and funds made available  
23 and authority granted under paragraph (1) with respect  
24 to the program, project, or activity shall be extended for  
25 an additional 14 calendar-day period.

1       “(3) For entitlements and other mandatory payments  
2 whose budget authority was provided for in preceding ap-  
3 plicable appropriation Acts or under this section, and for  
4 activities under the Food and Nutrition Act of 2008, ap-  
5 propriations and funds made available for a fiscal year  
6 under paragraph (1) shall be at the rate necessary to  
7 maintain program levels under current law, and under the  
8 authority and conditions provided in the preceding appli-  
9 cable appropriation Act.

10       “(c) Appropriations and funds made available, and  
11 authority granted, for any fiscal year pursuant to this sec-  
12 tion for a program, project, or activity shall be available,  
13 in accordance with subsection (b), for the period—

14               “(1) beginning on the first day of any lapse in  
15 appropriations during such fiscal year; and

16               “(2) ending on the date of enactment of an ap-  
17 propriation Act for such fiscal year with respect to  
18 the account for such program, project, or activity  
19 (whether or not such Act provides appropriations for  
20 such program, project, or activity) or a continuing  
21 appropriation Act providing funding for the pro-  
22 gram, project, or activity, as applicable.

23       “(d) Expenditures made for a program, project, or  
24 activity for any fiscal year pursuant to this section shall  
25 be charged to the applicable appropriation, fund, or au-

1   thorization whenever an appropriation Act for such fiscal  
2   year with respect to the account for a program, project,  
3   or activity or a law making continuing appropriations until  
4   the end of such fiscal year for such program, project, or  
5   activity is enacted.

6       “(e) Appropriations and funds made available by, or  
7   authority granted pursuant to, this section may be used  
8   without regard to the time limitations for submission and  
9   approval of apportionments set forth in section 1513 of  
10   this title, but nothing in this section shall be construed  
11   to waive any other provision of law governing the appor-  
12   tionment of funds.

13       “(f) Notwithstanding any other provision of this sec-  
14   tion, except for subsection (e), for those programs that  
15   would otherwise have high initial rates of operation or  
16   complete distribution of appropriations at the beginning  
17   of the applicable fiscal year because of distributions of  
18   funding to States, foreign countries, grantees, or others,  
19   such high initial rates of operation or complete distribu-  
20   tion shall not be made, and no grants shall be awarded  
21   for such programs funded by this section that would im-  
22   pinge on final funding prerogatives.

23       “(g) This section shall be implemented so that only  
24   the most limited funding action of that permitted shall be

1 taken in order to provide for continuation of programs,  
2 projects, and activities.

3 “(h) This section shall not apply to a program,  
4 project, or activity for any period during a fiscal year, if  
5 any other provision of law (other than an authorization  
6 of appropriations or an appropriation Act for a prior fiscal  
7 year making carryover funds available)—

8 “(1) makes an appropriation, makes funds  
9 available, or grants authority for such program,  
10 project, or activity to continue for such period; or

11 “(2) specifically provides that no appropriation  
12 shall be made, no funds shall be made available, or  
13 no authority shall be granted for such program,  
14 project, or activity to continue for such period.

15 “(i)(1) Subject to paragraph (2), the head of an  
16 agency may, with the approval of the Office of Manage-  
17 ment and Budget, transfer funds made available to such  
18 agency for an appropriation account pursuant to this sec-  
19 tion to any other appropriation account of such agency.

20 “(2) Not more than 5 percent of any appropriation  
21 account may be transferred to another appropriation ac-  
22 count under paragraph (1).

23 “(3) The authority provided by this subsection to  
24 transfer appropriated funds—

1           “(A) is in addition to any other transfer au-  
2           thority provided elsewhere in this section;

3           “(B) may be used only to provide funds for  
4           items relating to activities necessary for a program,  
5           project, or activity that have a higher priority than  
6           the programs, projects, or activities carried out  
7           using amounts from the accounts from which the  
8           funds are transferred; and

9           “(C) may not be used to provide funds for an  
10          item for which Congress has specifically denied  
11          funds.

12          “(4) The head of an agency executing a transfer  
13          under this subsection shall promptly notify the Committee  
14          on Appropriations of the Senate and the Committee on  
15          Appropriations of the House of Representatives of any  
16          transfer of funds to or from any appropriation.

17          “(j) There shall be an expedited procedure for con-
